

PUMP THEM OUT

SCRIPTURE:

“Do not worry then, saying, “What will we eat?” or “What will we drink?” or “What will we wear for clothing?” For the Gentiles eagerly seek all these things; for your heavenly father knows that you need all these things. But seek first His kingdom and His righteousness, and all these things will be added to you. “So do not worry about tomorrow; for tomorrow will take care of itself. Each day has enough trouble of it’s own……(Matthew 6:30-34)

MATERIALS LIST:

- (1) Trash Can with water
- (1) Water Pump

SONG: “Lord Be There For Me”

MAIN MESSAGE:

If we put God first in our lives and families, we will be able walk through this life with the confidence that He is and will continue to take care of us everyday.

LESSON:

Water pumps can have a lot of wonderful uses in the house. For instance, a water pump can be used if you need to drain a swimming pool, or even if you have to pump water out of a hole outside. While water pumps have different names like “sump pumps” they all have the same basic purpose. Each one of them will pump water out of where it is needed.

When watching how a sump pump works, you can see that there is a lever that has a float on the end of a bar. When the water level rises to a certain point, the pump will start to work and pump the water out.

The world today has a lot of different ideas about how we are to live our lives. There are many opinions about what is acceptable in our behavior, the way that we dress and talk, and what we claim as our religion. All of these different mindsets may start to wear on us and make us worry about what we are wearing, or what we are driving, how much money we make, or even make us reluctant to tell people about Jesus and what He has done for all of us.

There are many times in our lives that we worry about things that really don’t mean a lot in the big picture, and even though they might mean something to us right now, we have to realize that God will provide for us in our daily lives. Matthew 6:30 says “But if God so clothes the grass of the field, which is alive today and tomorrow is thrown into the furnace, will he not much more clothe you? You of little faith!”

It is time that we put our faith and trust in God, and when problems start to arise in our lives and we are overcome with temptation and sin, we must become like a water pump and pump all of the worldly things and desires out of our lives and focus 100% on God.

PRAYER: Our family will focus on God and put Him first in our family while throwing out the worldly desires.
