## Darkness

As a child I remember times in my life of being afraid of the dark. I remember going outside and playing and as it got dark, I would return to the house where there was "light" and security of my parents. Why are we sometimes afraid of the dark? Is it the unknown that might be around us that we can't see? Or, we might stumble over something in the house? Do our minds see and hear things that really aren't there? I remember as a child walking to my bedroom; and before I went into my room, I flipped the light switch on by the door... *I never went into my room without the light!*

Remember the days we spent in the dark when the hurricane came through a few months ago. How did it make us feel when the lights came on? Let's compare that to our spiritual walk. We are to be the light of the world for those who are lost or afraid! Today, the world needs **US** to be the light of their future. They are stumbling and falling over things daily because they have no light in their lives! If you are in a room with no light, and someone

"You are the light of the world. A city on a hill cannot be hidden. Neither do people light a lamp and put it under a bowl. Instead they put it on its stand, and it gives light to everyone in the house.

In the same way, let your light shine before men, that they may see your good deeds and praise your Father in heaven.

Matthew 5:14-16

turns on a small flashlight that can be seen from the other side of the room – what is the first thing you do? You look to that light. **Be that light in someone's life this week!**
